

Con lo Smart String Energy Storage System di Huawei puoi avere energia verde nella vita di tutti i giorni grazie alle sue elevate prestazioni. Di notte, nei giorni di pioggia o durante i blackout imprevisi, l'energia solare &#232; sempre a disposizione.

The ARK XH batteries fully meet this need, thanks to their compatibility with the XH series battery-ready inverters, they can also be added to the system at a later time. ARK-XH batteries adapt to every need, both in terms of capacity and space.

This product of Huawei is an environmentally friendly lithium battery power system for solar panels and single-phase inverters. This high voltage battery of Huawei is compatible with a wide range of self-consumption inverters in the market.

I think I am a pioneer for Italy because I have not yet seen any plant with the fantastic Tewaycell Batteries in Italy! They are super efficient especially for off grid plant like mine and especially for those who, like me, do not understand electricity and want to avoid the complications of systems complicated to manage with inverters and ...

This high voltage battery will be compatible with a wide range of self-consumption inverters in the market but it is especially interesting to use it together with the new Huawei SUN2000 2-6KTL-L1 single-phase inverters.
