

Tirana-based Vega Solar, which develops, installs and maintains rooftop solar power plants, saw an opportunity to contribute to diversification with battery energy storage systems. Factory seen for completion within two years

The deal includes a joint memorandum of understanding between Tata Group subsidiary Agratas Energy Storage Solutions and the government of the western state of Gujarat under the new Electronics Policy (2022-28).

Commenting on the collaboration, Tom Flack, CEO, Agratas, said: "We are fully committed towards delivering best-in-class battery solutions to our customers and helping to supercharge the global transition to electric mobility and clean energy storage. Teaming up with Tata Technologies strengthens our pursuit of this mission, helping us to ...

Tata Group is considering spinning off its battery business, Agratas Energy Storage Solutions Pvt, as an independent unit to raise funds and potentially go public in Mumbai. Agratas designs and makes batteries for the ...

Our world-class gigafactories are designed to be powered by clean sources of electricity, including purpose-built renewable energy plants. We are embedding circular economy processes throughout our value chain to reuse, recycle and recover materials back into production.

Tirana-based Vega Solar, which develops, installs and maintains rooftop solar power plants, saw an opportunity to contribute to diversification with battery energy storage systems. Factory seen for ...

Flexible manufacturing capacity will deliver electric mobility and renewable energy storage solutions for customers in UK and Europe; JLR will be an anchor customer with production starting in 2026

We will serve customers in the mobility and energy storage sectors, supplying best-in-class battery cells that meet the highest standards of quality, performance and sustainability. We will also support our customers with the integration of ...

Tata Group is considering spinning off its battery business, Agratas Energy Storage Solutions Pvt, as an independent unit to raise funds and potentially go public in Mumbai. Agratas designs and makes batteries for the automobile and energy sectors, with factories in ...

We will serve customers in the mobility and energy storage sectors, supplying best-in-class battery cells that meet the highest standards of quality, performance and sustainability. We will also support our customers with

the integration of battery cells into their applications, including modules and packs.
