

Who is Sofar?

SOFAR is a leading global supplier of solar PV and energy storage solutions and at the forefront of accelerating the green energy transition. We provide a comprehensive portfolio and state-of-the-art digital energy solutions, including: Our European headquarters is established in Reutlingen, Germany.

What types of energy storage products does sofarsolar offer?

"SOFARSOLAR offers a wide range of energy storage products and solutions, including single- and three-phase and DC- and AC-coupled energy storage inverters, as well as high- and low-voltage energy storage batteries", commented company VP Guy Rong.

What services does Sofar offer?

From technical issues to general inquiries - we provide tailored solutions for your needs. SOFAR is a provider of all-scenario solar PV and energy storage solutions and is committed to being the leader of digital energy solutions.

Where is Sofar located?

Our European headquarters is established in Reutlingen, Germany. Through an extensive service network of over 20 branch offices worldwide, SOFAR ensures to provide localized service and meet the various demands of different regions. Why choose SOFAR?

What makes Sofar unique?

Founded in 2013, SOFAR has always insisted on independent innovation, established a global R&D network with three R&D centers and over 500 of its workforces assigned to R&D, thus gradually establishing the holistic technology and product R&D system.

Who is solar solar & energaia 2022?

8th December, 2022 - SOFARSOLAR, the global leading supplier of solar PV and energy storage solutions, displayed its storage and high-power PV solutions at EnerGaia 2022, held in Montpellier, France.

Ettlingen, 07.03.2024 - BRC Solar GmbH, a German manufacturer of power optimisers for solar modules, and SofarSolar GmbH, a recognised manufacturer of inverters, have officially confirmed the compatibility of their products.

SOFAR is a global leading provider of solar PV and energy storage solutions. Its comprehensive portfolio includes PV inverters with a power range from 1 kW to 350 kW, hybrid inverters range from 3 kW to 20 kW, battery storage systems, utility ESS solutions, and smart energy management solutions for residential, commercial & industrial, and utility-scale applications.

As the world's fastest-growing solar energy brand, SOFARSOLAR compound annual growth rate reaches 86% and its annual production capacity reaches 10 GW for PV & storage inverters and 1GWh for batteries.

SOFAR is a provider of all-scenario solar PV and energy storage solutions and is committed to being the leader of digital energy solutions. SOFAR supports the transition to renewable energy through a comprehensive portfolio including PV inverters range from 1 kW to 350 kW, hybrid inverters range from 3 kW to 20 kW, battery storage systems, C& I and utility ESS solutions, ...
