

Will Tesla Solar power Ta'u in American Samoa?

Tesla has announced their solar panels are nearly entirely powering the island of Ta'u in American Samoa. The island used to depend entirely on imported diesel fuel for its electricity, but a new initiative has seen the islanders build a 1.4-megawatt microgrid that absorbs and stores solar power for all their energy needs.

Does American Samoa have a solar microgrid?

The island of Ta'u in American Samoa now boasts a solar microgrid from Tesla's SolarCity. Join us in The People v. Climate Change and share an environmental portrait of someone taking positive steps to protect the Earth on YourShot or social media. Use #MyClimateAction to share a first-person perspective on how we as humans face climate change.

What is a church choir in American Samoa?

Ta'u, American Samoa -- On a recent Wednesday evening on the island of Ta'u--one of the outer islands in American Samoa--most of the people in all three villages are at pesa--or church choir--practice. The annual island-wide youth group showcases are coming up and each choir senses the pressure of having to perfect their routines.

Compare price and performance of the Top Brands to find the best 500 kW solar system. Buy the lowest cost 500 kW solar kit priced from \$1.05 per watt with the latest, most powerful solar panels, inverters and mounting. For home or business, save 30% with a solar tax credit.
