

Does EnergyAustralia have a sustainable future?

EnergyAustralia recently reworked its image to emphasise its commitment to a sustainable future through renewable energy. In addition, EnergyAustralia offers energy management tools to help keep your power bill down.

When did TRUenergy become a retailer?

TRUenergy was transitioned to a retailer authorisation under the National Energy Retail Regulations. TRUenergy has since rebranded as EnergyAustralia on 8 October 2012. A full list of transitioned retailers is available in Schedule 2 of the Regulations.

Is EnergyAustralia a good power provider?

When it comes to power plans, EnergyAustralia specialises in guaranteed discounts. It's generally a reasonably priced provider, but tends to be more competitive in some states than others.

Why did TRUenergy change its name to EnergyAustralia?

Following the sale of the government's electricity retail assets, the government changed the name of the remainder of the government enterprise to Ausgrid, and in 2012 TRUenergy changed its name to EnergyAustralia.

Does EnergyAustralia offer a guaranteed discount?

A guaranteed discount is available on this offer in New South Wales, South East Queensland and Victoria. EnergyAustralia's standing offer plan is priced the same as the Reference Price/Victorian Default Offer in each area.

Does EnergyAustralia sell electricity?

However, like all energy companies it continues to sell electricity generated from coal-fired power stations through the National Electricity Market. In this review, Canstar Blue takes a close look at EnergyAustralia, what it offers residential electricity customers and how much households can expect to pay.

Energy Advantage's contract does seem to include roof maintenance for (I think) five or ten years for things like leaks/etc after the install, which I found to be an attractive inclusion. Energy Advantage also seems to be a local company, at least their main office is located in Denver.

Take advantage of new Grants to conduct your Energy Audits. Round 2 of Efficiency Grants for Small and Medium Enterprises open from 22 February 2024, offering up to \$25,000 for SMEs to implement energy efficiency upgrades and Energy Audits. They are open to organisations with less than 199 employees who didn't participate in round 1 and have been operating for more ...
