I worked at Canter Power Systems for about 2.5 years. I enjoyed driving the truck and staying in hotels, I didn't enjoy the unexpected challenges that came with the job such as not being safe when trying to install a 500 lb generator on a platform on a hillside. Also the sales people didn't care about how we were going to do the job, they were ...

About Canter Power Systems Generator Remote Monitoring. ... Decreased Cost of Ownership - Monitoring a generator actually helps decrease the overall cost of ownership. Small problems can be fixed before they become big problems, thereby reducing major repair costs. The most significant cost is if the generator does not work during a power outage.

Cost depends on the size of your home and whether or not you want your generator to power your whole house or just the "essentials". Once it's determined how much power is needed, the project will include the cost of the generator, site preparation work, concrete pad installation, permits, and connection to an existing natural gas line.

Contact us today for your no cost and no obligation consultation with a Canter Power Systems generator specialist and technical service advisors. We offer both in-home and virtual consultations. **FREE ESTIMATE**

And although tornadoes are usually the strongest in the spring, in this part of Florida, they can -- and do -- happen any time of the year. For example, in August 2020, an EF2 tornado with 100+ mph winds tore through

Deland, destroying homes, power lines, and transmission equipment, leaving more than 11,000 homes and businesses without power for more than a week.

We use a Generac cost estimator to provide you with an accurate figure for the project. This will prevent you from getting caught off guard when it comes time to pay the bill. Schedule your Generac free estimate today!

Even when a weakened Tropical Storm Eta came ashore on Florida's west coast in 2020, it still knocked out power for more than 105,000 homes in Palm Beach County..
