Introducing Costa Rica Solar Solutions and LG Chem Resu Energy Storage Partnership. Costa Rica Solar Solutions has been working with an energy storage solutions for the residential home market since the begging of our existence using wet cell batteries for off grid and grid tied back up systems. Now we are excited to present the LG Chem Resu ...

Got a buddy here who has imported LiFePO4s for electric quads to Costa Rica via shipping container ride from Florida, and he says realistically, add 40% for import tax and other fees. ... I think importing from the USA (via ...

Owning a PV system is an important step towards energy independence, and a PV system with battery storage offers even greater independence. The reasons for this are obvious: With a storage system, even more self-generated energy can be used flexibly. With the right solutions, a reliable power supply can be guaranteed even during grid failures.

Wow! Looks Like a way to drop ship some 280 Ah LiFePO4 cells from Texas to Florida for ride to Costa Rica. I wonder how much the Costa Rica Customs would cost for their hoop jump, plus what that Total extra cost would be with all fees paid including Get It There Jerry's fees. ... Will explore more specifics later. Thanks. ...
