Allan Lorraine has joined the Nayax team as Director of Nayax Energy, Hospitality, and Retail to lead this effort. Last month, he had the chance to represent this brand-new solution at the AEVA Conference and EV (Electric Vehicle) Expo that took place in Perth.

In 2030, energy will need to be intelligently managed using bidirectional dynamic tariffs wrapped in loyalty programs and AI to provide EV drivers with a seamless experience when they consume energy. Nayax Energy's unique offering, which includes global payment solutions for any local market, white label energy management, a driver app ...
