

Does Belize use solar power?

Belize uses solar power on a smaller scale, with the Government having installed solar micro-grids and solar-powered streetlights in rural communities not yet connected to the national grid. The Government of Belize, along with Belize Electricity Limited (BEL), intends to launch a pilot project introducing electric vehicles.

Will the government of Belize invest in solar energy?

The Government of Belize intends to encourage investment in utility solar-energy facilities. However, it has not yet publicly announced a request for proposals. On a smaller scale, the Government of Belize has installed solar micro-grids and solar-powered streetlights in rural communities not yet connected to the national grid.

Which company is Belize's premier energy company?

Belize Natural Energy (BNE) is Belize's premier energy company. As the leader in the responsible exploration, production, and marketing of oil and gas in Belize, BNE's operations span the full range of oil and gas activities: from drilling and geology to gas processing and branding.

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Where does the energy in Belize come from?

Almost half the energy in Belize comes from hydroelectric power and biomass. BEL purchases 71.5% of its electricity from five domestic independent power producers (IPPs) which produce much of the remaining energy--about 55.6%--of all the electrical needs of the country, and about 40% from a Mexican government-owned electric utility.

What is Belize Natural Energy Limited?

Belize Natural Energy Limited (BNE) is a Belizean company with world-class standards that was founded on the vision that oil and gas would positively transform Belize. Since the first commercial oil discovery, BNE has established itself in this sector.
