What is SolarHome 620+?

SolarHome 620+ is BioLite's first crossover product, meaning it is sold in both our outdoor and emerging markets. This system currently provides daily light and charging to millions of individuals worldwide, unified by a common need for affordable, reliable off-grid energy. How long does it take to charge the whole system?

Can the SolarHome 620+ be used in cold weather?

The SolarHome 620+ is a crossover product, and it was originally designed for daily use in regions of sub-Saharan Africa where average temperatures are always above freezing. If you plan to use your SolarHome 620+ in colder weather, ensure the Control Box is located indoors in a warm/temperature regulated environment.

The BioLite SolarHome 620 brings modern lighting, energy, and entertainment to transform any structure into an off-grid home. The easy-to-install 6 watt solar panel captures daily sun to charge up a central 20 Wh control box which powers 3 hanging lights, USB charge-out, and an MP3/FM radio system.
