Public company Motorways of the Federation of Bosnia and Herzegovina has announced that plans to install solar panels along highways and produce electricity for self-consumption. It is a pioneering step for the region of Southeastern Europe. It follows a similar move by Slovenia's road management firm in July, according to Balkan Green Energy News.

The Government of the Una-Sana Canton plans to announce an international public call for the construction of a 90 MW solar power plant this year. The solar power plant, which is to be built near Bosanski Petrovac, is the fourth large photovoltaic power plant in the pipeline in Bosnia and Herzegovina, which currently doesn't have any utility ...

Two international consortiums plan to invest a total of EUR 160 million in two solar power plants in the municipality of Sokolac in Bosnia and Herzegovina (BiH). At the same time, the Central Bosnia Canton has invited ...

Elektroprivreda HZHB, a state-owned power utility in the Federation of Bosnia and Herzegovina, has been granted approval to build a 150-MW solar photovoltaic (PV) park in its home country.

Two international consortiums plan to invest a total of EUR 160 million in two solar power plants in the municipality of Sokolac in Bosnia and Herzegovina (BiH). At the same time, the Central Bosnia Canton has invited bids for a concession for two photovoltaic power plants in the municipality of Bugojno.

Chinese company Norinco International plans to buy an 80% stake in Aurora Solar, a firm in Bosnia and Herzegovina that has been granted a concession to build a 125 MW solar power plant near Stolac in the Herzegovina-Neretva Canton, Capital.ba has reported.

o Tremendous development of RE generation installed capacities
o Extraordinary technology improvement
o Significant price drop per installed kW
o Challenges in networks related to higher feed-in of intermittent RE
o New EU regulation for RE reflects the recent developments
