

Calyxo GmbH, the German thin-film solar module maker that filed for bankruptcy a few months back, has been sold to mechanical and plant engineering company TS Group with all jobs retained.

Calyxo (also known as TS Solar) is a manufacturer of cadmium telluride thin-film solar modules. It provides CDTE thin-film solar panel, MX-mounting, ground-mounted system, membrane and tilted roof system, carbon footprint, and other products.

Calyxo GmbH are successful manufacturers of thin-film modules keeping pace with the photovoltaic market's cost pressure and updating their product designs continuously to set themselves apart from the competition. We have a fundamental understanding of all individual process steps and their relevant interactions.

Calyxo GmbH is one of the leading German manufacturers of highly innovative cadmium telluride (CdTe) thin-film solar modules and a supplier of turnkey photovoltaic systems. Since its foundation in 2005 at the Solar Valley in Bitterfeld-Wolfen, the company has been growing steadily and currently employs 175 people.

Die Calyxo GmbH ist einer der führenden deutschen Hersteller von hochinnovativen Cadmium Tellurid (CdTe-) Dünnschicht-Solarmodulen sowie Anbieter von schlüsselfertigen Systemlösungen. Seit der Gründung im Jahr 2005 am Standort „Solar Valley“ in Bitterfeld-Wolfen war das Unternehmen kontinuierlich gewachsen.

German thin film solar PV module manufacturer, Calyxo GmbH filed for insolvency at the District Court of Dessau today. The court appointed attorney Lucas Flöther as the company's provisional ...
