However, it is at SWRC's solar engineering project, where grannies from across the world learn to wield the soldering iron and work with complicated circuitry, that one truly experiences the Barefoot approach. Solar Mamas show the light. In a brightly lit workshop, a group of traditionally garbed female sanitation workers learn to make circuits.

AND SOLAR MAMA Mary is a Solar Mama and organic oyster mushroom cultivator from Buea, Cameroon who completed her training in 2020 at Barefoot College International's Indian campus. She was enrolled in solar engineering classes, Enriche and our latest additions to agricultural livelihoods, mushroom propagation. The program
