

The biggest challenge to implementing energy policies in Nigeria could be a lack of good stakeholder coordination in the energy sector. In my opinion, different stakeholders may not be aligned in terms of understanding the urgency associated with transitioning to a net zero society by 2060. This lack of coordination could be hampering the ...

Decrease your electric bill and have clean energy at home, with help from CEE's solar loan for Minnesota homeowners. Check out the solar loan. City-specific. City-Specific Loan Offerings. Thanks to partnerships with many Minnesota cities, we offer several special loan, grant, and down payment assistance programs. ...
