

Why is Eos partnering with IEP & CEC?

"IEP and CEC are at the forefront of North American long-duration energy storage, and their partnership has been invaluable as Eos transitions into a profitable operating company.

Why is Eos a strategic investment?

Significant strategic investment supports Company's growth plans in an accelerating long duration battery storage market and enables Eos to restructure existing debt

Why did EOS invest \$13.3 billion?

This investment is structured to allow the Company to meet growing market demand effectively as evidenced by Eos' \$13.3 billion pipeline and \$602.7 million orders backlog as of March 31, 2024. This funding supports Eos' plan to scale operations and execute on its path to profitability.

Is Eos partnering with IEP?

This marks the second agreement and third project with IEP, a leading developer in the energy space deploying multiple technologies, and builds on Eos' successful prior delivery of its battery systems to a Texas-based IEP project earlier this year.

Should EOS invest in Cerberus?

Cerberus is a global leader in alternative investing with a dedicated platform focused on supply chain integrity and national security. The companies believe that this investment should accelerate Eos' operating capabilities and industry position.
