

World Vision Kenya - Chesangich In 2023, We implemented a borehole solarization water pumping system using 15 Solar panels with a 7.5 kW HANTI inverter which was designed by SOLARGENTECHNOLOGIES. This project has help the people around the place by providing water for:- - There household use - Livestock consumption - Irrigation for the [...]

The 2-inch Shiyuan SY-50 DC Pump solar pump is best suited for flood irrigation, fish pond aeration, and direct drip irrigation systems. This pump has a flow rate of 20,000 Liters per Hour. It is advised that the Outlet and Inlet pipe should be 2 inches so that the flow rate is assured.

Submersible Pump 220 V 50Hz - Pump Outlet Dia. 1&quot;1/2 - Adapting Well Dia. 100 mm - Solar Pumping Inverter Model HSPH2200L - Inverter Power 2200 W Max. DC Input Voltage 450 V - Recommended MPP Voltage 300 -450VDC - Inverter Ambient Temperature -10 ~ 60 ° Pump Model HSP2200BFMotor Power 2.2 kW - Pump Enclosure Class IP68 Ambient Water pH ...

Solargen Technologies General Information Description. Operator of solar energy products and services company intended to provide affordable energy, water, and irrigation services to underserved communities with the aim of economic empowerment.

Empowering the end-users is at the heart of Solargen mission. We go beyond installation to provide comprehensive training to the community on the operation and maintenance of the solar-powered lighting systems. This knowledge transfer ensures the sustainable and effective use of ...

The Jinko 4.8kw Lithium Battery 48v 100Ah JKS-B48100-HI is a 4.8kWh lithium battery module from Jinko Solar. It is a 48V, 100Ah battery that is made with cobalt-free lithium iron phosphate (LFP) cells. The battery has a 5-year warranty and is designed for use in solar power systems, backup power systems, and electric vehicles.

Maintenance-free Deep Cycle AGM Battery. 12V 200AH @10hr rate Absorbent Glass Material, Maintenance free, Deep cycle, Approx. 57.0 Kg,; Cycle use voltage of 14.6 V~14.8 V @ 25°, 50% DoD; 24 months warranty and 12 years design life; Datasheet

Empowering Communities / Governments / Intranational & National NGOs through Solarized Boreholes in East Africa Regions In the arid landscapes of the Somalia and Somaliland regions, access to reliable and affordable water is crucial for underserved communities, especially pastoralist groups, who have been profoundly affected by recurring droughts and famines.

Solargen Technologies ("Solargen") is a renewable energy company founded in 2012. Among other solar

products, they produce solar water pumping systems, rooftop solar panel grids, and miniature grids. In 2019, Solargen received a ...

Maintenance-free Deep Cycle Gel Battery. 12V 200AH @10hr rate Absorbent Glass Material, Maintenance free, Deep cycle, Approx. 57.0 Kg,; Cycle use voltage of 14.6 V~14.8 V @ 25?, 50% DoD; 24 months warranty and 12 years design life; Datasheet

Warsheikh is a historical town 60 km North of Mogadishu where the community depends on fishing for its livelihood. However, due to lack of infrastructure and cold chain, they suffered heavy losses caused by perishability. Solargen partnered with Somalia Stability Fund to design a solar mini grid to solve the energy challenge using our genuine products sold on our online [...]

Optimize water supply with Solargen's solar water pump systems, engineered for sustainability and efficiency in Kenya's agricultural and residential sectors. +254748707766, +254794264446 Careers

Solargen has a team of talented and multi-skilled engineers who are driven by the passion to solve challenges faced by their communities. ... the appropriate technologies and the community needs, a solution with a clear cost-benefit analysis is presented to the client. Because of our partnership with leading manufacturers, our well-stocked ...

Key Aspects of Solargen's Solar Mini-Grid Initiatives: Capacity Building and Experience: Solargen has cultivated both capacity and experience in the realm of solar mini-grids. Over the past 4 years, we have honed our skills in designing and deploying community solar mini-grids, establishing ourselves as a trusted player in the field.

SolarGen Technologies primarily serves sectors such as residential, commercial, and community-based projects with a focus on sustainable and clean energy solutions. It is based in Mogadishu, Somalia. Headquarters Location. Near Al Noor Eye Hospital . ...

SolarGen Technologies is located in Nairobi, Nairobi Area, Kenya. Who are SolarGen Technologies 's competitors? Alternatives and possible competitors to SolarGen Technologies may include Fluent Solar, LLC, Infinity Power Holding, and Sensible Solar. Unlock even more features with Crunchbase Pro .
