4 ???· DR Congo has plans to make the most of its resources in cobalt, nickel, lithium and manganese by building battery cathode precursor factories in the Haut-Katanga Special ...

but a VoltaX 105Ah LiFePO4 battery at \$479 AUS (no shipping included) \$312 US is really cheap. I found VoltaX while looking at a scam battery website a few days ago and was surprised at the low price as a complete battery in a finished case that I assume has a BMS. Renogy 12V 100Ah SMART LiFePO4 \$853 AUS or \$556 USA which is a pretty good price ...

Exclusive interview with Susannah McLaren, Head of Responsible Sourcing and Sustainability at the Cobalt Institute and Board Member of the Global Battery Alliance. She is also a member of the advisory board of the upcoming DRC-Africa Battery Metals Forum in Kinshasa. Let's start with some background, your career thus far as well as your current position.

KARA: China dominates cobalt production in the DR Congo. They saw the future. Years and years before Western nations did, they saw the future was going to be a rechargeable economy and this transition to sustainable energy, it would require cobalt. ... They have vertically integrated that supply chain from dirt to battery. So most of the Congo ...
