

Introducing the DS72 330-350W solar panel by Dusol, a pioneering solution that embodies efficiency, reliability, and cutting-edge technology in the realm of solar energy. Crafted to redefine your renewable energy experience, this panel stands as a ...

We at DuSol, manufacture modules with high precision which stands for its Quality and Performance for the years to come. Every modules undergoes tough visual, mechanical and electrical inspection. This is recognizable through the original DuSol label, serial number and the DuSol Guarantee: 10 years Product Guarantee

DuSol is a solar expert with over 30 years of experience in PV technology, making important advancements in the field. Their DS series modules are built for high-power applications, utilizing Mono-crystalline technology to ensure a ...

Discover the DuSol N-Type Solar Module, the pinnacle of solar innovation designed to elevate your energy generation. Engineered with cutting-edge N-type silicon technology, this module delivers peak efficiency and unmatched reliability by eliminating Light-Induced Degradation (LID) commonly seen in traditional panels.

Embrace the power of renewable energy with the DS5-72(M2) 380-415 by Dusol, and experience the benefits of high-efficiency solar technology. Invest in this cutting-edge solar panel to reduce your carbon footprint, lower your energy costs, and contribute to a cleaner, greener future for generations to come.

DuSol is a solar expert with over 30 years of experience in PV technology, making important advancements in the field. Their DS series modules are built for high-power applications, utilizing Mono-crystalline technology to ensure a dependable yield in challenging conditions.
