Europaminister Dr. Stephan Holthoff-Pförtner sagt dazu: „Das Projekt EnerPRO ist ein herausragendes Beispiel dafür, was wir mit dem Grenzlandpreis wollen: Kluge Ideen von klugen Köpfen aus beiden Ländern werden zu handfesten Innovationen, die unser Leben besser machen.

OverviewElectricityPetroleumCoalRenewable energy (other than hydroelectric)See alsoThe Democratic Republic of the Congo has reserves of petroleum, natural gas, coal, and a potential hydroelectric power generating capacity of around 100,000 MW. The Inga Dam on the Congo River has the potential capacity to generate 40,000 to 45,000 MW of electric power, sufficient to supply the electricity needs of the whole Southern Africa region. Ongoing uncertainties in the political arena, and a resulting lack of interest from investors has meant that the Inga Dam's potential ha...

1 ?; Democratic Republic of the Congo - Politics, Economy, Society: Congo's civil war (1998-2003) was essentially ended by a power-sharing agreement that created the transitional constitution of 2003, which provided for a transitional government that consisted of representatives from various rebel groups, the previous government, the political opposition, ...
