

ENGIE Solutions is the long-term ally of cities, industries and companies, helping to speed up their energy transition. Every day, ENGIE Solutions comes up with new answers. It implements customised, decentralised solutions so that each stakeholder can make their own contribution to the energy transition, based on their resources and their ...

ENGIE Solutions est une marque du groupe ENGIE, groupe mondial de référence dans l'énergie bas carbone et les services, dont la raison d'être est d'agir pour accélérer la transition vers un monde neutre en carbone. ENGIE Solutions a réalisé un CA de 5,8 milliards d'euros en 2023.

ENGIE Solutions offers comprehensive solutions for industrial clients to address their energy challenges. They prioritize a custom approach and provide turn-key solutions to reduce energy bills and carbon footprint for industrial sites.

ENGIE Solutions provides sustainable energy and service solutions for cities, communities, industries, and properties to support them in their Net Zero Carbon journey. At ENGIE Solutions, our ambition is to reduce our customers' greenhouse gas emissions and carbon footprint, with a target of 45 Mt of CO2 eq. avoided each year by 2030.

This acquisition reinforces ENGIE's strong presence in South Africa and will capitalize on the Group's industrial value in the country, where ENGIE already operates 315 MW of renewable assets (200 MW of concentrating solar-thermal power plants (CSP), 21 MW of solar PV assets and 94 MW of onshore wind assets).
