In the Niger Delta province, we have identified one petroleum system--the Tertiary Niger Delta (Akata-Agbada) petroleum system. The delta formed at the site of a rift triple junction related to the opening of the southern Atlantic starting in the Late Jurassic and continuing into the Cretaceous. The delta proper began developing in the Eocene, accumulating sediments that ...

The UNIFILLER ELF 400 SV depositing systems are flexible, handy table-top models for depositing volumes of up to 420 ml and for processing products with soft pieces of up to 19 mm. Benefits of ELF 400: Small footprint; the ELF 400 SV models fit on every table or counter; Adjustable depositing speed and portion size; Quick and easy cleaning

A great deal of political party activity ensued when Equatorial Guinea attained autonomy from Spain in 1963. Bubi and Fernandino parties on the island preferred separation from Río Muni or a loose federation. Ethnically based parties in Río Muni favored independence for a united country comprising Bioko and Río Muni, an approach that was adopted. The Movement for the Self ...

Annual monitoring of causes of death allows countries to address their causes and adapt health systems to react effectively. ... Death registration data is unavailable or unusable for Equatorial Guinea due to quality issues. Estimates of mortality by cause should be interpreted with caution.

Flag for Equatorial Guinea. There have been major strides with Education in Equatorial Guinea over the past ten years, although there is still room for improvement. Among sub-Saharan African countries, Equatorial Guinea has one of the highest literacy rates. [1] According to The World Factbook - Central Intelligence Agency as of 2015, 95.3% of the population age 15 and over ...

The Human Rights Measurement Initiative [1] finds that Equatorial Guinea is fulfilling 43.5% of what it should be fulfilling for the right to health based on its level of income. [2] When looking at the right to health with respect to children, Equatorial Guinea achieves 64.4% of what is expected based on its current income. [3] In regards to the right to health amongst the adult population ...

Funded by the Government of Equatorial Guinea and the U.S. Department of Justice, this nationwide program covers all 19 health districts in the country. Before the project, continuous medical supply shortages meant many people in Equatorial Guinea would visit health facilities only to find necessary medicines or diagnostic tools unavailable.

They provide true "zero gravity" tool holding with no drifting or strain. The tapered drums and quality springs and bearings provides smooth cable travel throughout the stroke. Tension adjustment is easy and precise. The ELF models offer both the automatic brake and the manual drum safety lock.

Flag for Equatorial Guinea. During the period of colonization, Equatorial Guinea's educational system was mostly controlled by Catholic missionary groups, in particular the Claretians. Schools run by the Spanish government encouraged the use of the Spanish language to communicate. [8] During this period, school attendance was above 90%, which was one of the highest ...
