The infamous Bloomberg Tier 1 ranking is commonly referred to as a bellwether in the solar industry for identifying the better solar panel brands. It is important to note that this ranking only looks at each manufacturer"s bankability. This is important because the business will need to be around for 25-30 years if you expect them to honour their lengthy warranty terms.

For the installation of solar panels and a storage device, it is a good opportunity to use KredEx"s reconstruction grant for small residences, aimed at improving the energy efficiency and indoor climate of small residences, reducing energy costs and promoting the adoption of renewable energy. You can obtain all the necessary documents for the KredEx grant from Enefit.
