The Eswatini National Provident Fund's (ENPF) digital systems have impressed the global stage as its acting CEO, Futhi Tembe, unpacked the fund's remarkable digital transformation journey during the recent International Social Security Association (ISSA) ICT Conference in Indonesia.

Household final consumption expenditure is the market value of all goods and services, including durable products such as cars, washing machines, and home computers, purchased by households. Data are converted to constant 2017 international dollars using purchasing power parity rates from the International Comparison Program.

The 17th International Conference on Information and Communication Technology in Social Security will occur from March 6-8, 2024. It is organized by the International Social Security Association (ISSA) in collaboration with the Social Security Administering Body for the Health Sector (BPJS Kesehatan) of Indonesia.
