These include charging and discharging tests, shock and vibration tests, and the simulation of extreme temperature and environmental conditions.

Does Jauch offer battery testing & certification?

The company is expanding its existing battery laboratory and is now offering its customers comprehensive support in battery testing and certification. From November 12-15,2024, Jauch will once again be present at electronica, the world's leading electronics trade fair, in Munich.

Who is Jauch group?

The Jauch Group counts among the major specialists in quartz crystals, crystal oscillators and battery technology. Established in 1954, we are now one of the leading companies in the sector of frequency control products and proven experts on the emerging market for lithium ion and lithium polymer batteries.

Who is Thomas Jauch?

Thomas Jauch, the founder's son and current owner, joined the company in 1974 and led it into the quartz era and the age of miniaturization. Electromechanics and then the microelectronics of quartz watches increasingly took the place of mechanics. Electronics were introduced and Jauch became the European representative for Motorola clock crystals.
