

French Southern Territories sinking solar products and prices inia

Does France's auction mechanism lead to cheaper solar energy?

The French energy regulator says in a new report that France allocated about 5.55 GW of PV capacity through its auction mechanism for large-scale solar between 2011 and 2013. Despite falling solar module prices, the auction mechanism did not lead to cheaper PV electricity or lower project costs. From pv magazine France

Are France's solar PV auctions dwindling?

Aside from the rooftop solar PV auctions, France also held a ground-mounted tender in March of this year, which awarded nearly 1GW of PV capacity. After awarding over 500MW of capacity in the fifth tender, held in August 2023, the numbers have dwindled in the following auctions, as shown in the chart below.

Does France have a fixed feed-in tariff?

From pv magazine France There was excellent news on Friday for France's solar PV industry after the new, 34-page decree allowing for a fixed feed-in tariff (FIT) for all PV systems up to 500 kW in size, was published in France's Official Journal, a day after the Minister of Ecological Transition, Barbara Pompili, announced its signature.

Are French solar installations bolstered by a new law?

Beyond falling prices, the IEA PVPS report said solar installations were bolstered by the measures introduced in the French government's Law for the Acceleration of Renewable Energies which came into force in 2023. A requirement that competitive tender winners share some of the added value with locals.

Are solar panels made in France?

"Today, almost all panels used in France are imported," Finance Minister Bruno Le Maire said in a speech in southern France Friday. "Let's roll up our sleeves to produce in France 40% of the solar panel we use by 2030."

How much will France invest in a solar farm?

As France aims to double the pace of annual solar farm installations to 6 gigawatts, the government will support two panel-production plants led by French startups Carbon SAS and HoloSolis SAS, which will represent a combined EUR2.2 billion (\$2.4 billion) of investment, Le Maire said.
