

IFA is more than a commercial solar panel installer. We offer full end-to-end solar solutions and complete project management from start to finish. Our services include free site analysis, engineering and design services, financing, rebate application, installation, permitting, inspections, monitoring, and ongoing service and maintenance.

Customized Design: Our partner LURE will create a customized solar panel system tailored to your home's architecture and energy consumption needs. We consider every detail, ensuring optimal performance and aesthetic integration with your home.

Embrace the power of the sun with our efficient solar panel installations. Whether it's for your home or business, we design and install customized systems to help you harness clean and renewable energy while reducing your utility bills.

Solar panels are becoming more and more popular in homes. They provide clean power and save homeowners money on their electric bills. The installation process is also quite simple, but it is best to hire a professional solar system installation company for this job.

Founded by world-renowned solar engineer David Westenend and entrepreneur TJ Scott, we specialize in providing high-quality solar installations using top-of-the-line solar technology. With exclusive rights to premium solar panels, inverters, battery storage systems, and related components, and our unwavering commitment to personal, hands-on ...

During your visit to our solar booth, we'll provide a detailed quote that outlines the cost, financing options, and projected savings associated with your Solar installation. Keep in mind, that our Kooyman Solar specialists are here to support you throughout the entire process.
