

German solar energy start-up Enviria and newly founded green energy group Q Energy are planning to co-develop a 500 MW portfolio of ground-mounted solar photovoltaic (PV) projects in Germany.

ATP's investment fund - Via Venture Partners - has invested in Q-Star Energy via the holding company All NRG, which also consists of VB Enterprise and Apro Wind. The new combined group is one of Denmark's largest companies within oil, gas and wind turbine installations and related services sector.

“Renewable energy project developers in Germany have had limited incentives to invest in system-friendly installations,” DIW researchers wrote in 2017 already. This could mean, for example, setting up solar panels ...

Q-Energy Deutschland GmbH has acquired a 20-MW onshore wind farm in northern Germany and plans to repower the facility which has been in operation since 2001. The Kuhlrade wind park is located about 30 kilometres (18.64 miles) northeast of the city of Rostock and comprises ten Vestas V80 turbines that generate electricity for about 11,500 ...

Qualitas Energy starts construction at Salingen wind farm after successful project development phase 21/09/2023 - Berlin Qualitas Energy, a global investment and management platform focused on renewable energy, energy transition, and sustainable infrastructure investment, is entering the construction phase after successful development ...

Qualitas Energy acquires majority stake in a 65 MW wind farm in Eastern Germany 09/01/2024 - Berlin Qualitas Energy, a global investment and management platform focused on renewable energy, energy transition, and sustainable infrastructure investment, announced today the successful acquisition of a 55 percent stake in the project rights for ...

Q ENERGY runs an active development pipeline of more than 16 GW of renewable energy projects across key European regions, including Spain, Portugal, France, Germany and Italy. Our business portfolio spans from solar power plants to onshore wind farms and offshore wind projects, to battery energy storage solutions and green hybrid power plants ...

Svejsere s&#248;ges Q-STAR Energy s&#248;ger erfarne og dygtige svejsere til flere serviceopgaver og projekter til vores team. Hvis du har relevant erfaring... Mette Frandsen synes godt om dette

Solar energy specialist ENVIRIA and the recently founded green energy group Q ENERGY jointly announced today to have entered into a framework agreement for the co-development of a 500 MW portfolio of ...

Q ENERGY entwickelt eine aktive Pipeline von mehr als 16 GW an Erneuerbare-Energien-Projekten in Spanien, Portugal, Frankreich, Deutschland und Italien. Unser Entwicklungsportfolio reicht von Solarkraftwerken über Onshore - und Offshore-Windparks bis hin zu Batteriespeichersungen und Hybridkraftwerken, die verschiedene Technologien kombinieren.

Solar energy specialist ENVIRIA and the recently founded green energy group Q ENERGY jointly announced today to have entered into a framework agreement for the co-development of a 500 MW portfolio of greenfield projects in Germany. The portfolio consists of multiple ground-mounted solar PV projects spread across Germany.

Headquartered in Berlin, Germany, Q ENERGY comprises three companies: Q ENERGY Solutions SE (Holding), Q ENERGY Europe GmbH (Berlin) and Q ENERGY France SAS (Avignon). Building on 20+ years of experience and a substantial development portfolio, Q ENERGY is well established in Spain, Portugal, France, and Germany, while currently ...
