

Value Addition (FZC) is an engineering Company specializing in the conceptualization, design, supply, installation, commissioning & maintenance of Solar Photovoltaic & thermal systems, Oil / gas fired boiler, vapour absorption chillers and high power LED lighting.

Value Addition is a pioneer in solar photovoltaic energy systems in the UAE market having the first installation way back in 2007. We carry with us years of expertise having installed 36MWp + cumulative capacities. With hydronic valves, piping and LED system we add value to our clients needs, thus helping us serve our clients better.

Value Addition, based in UAE and India since 1997, is a top-tier provider of innovative solutions for industries, hospitality, residences, and more. Specializing in solar energy, including Solar PV, Solar Water Heating, and LED lighting, we offer a comprehensive range of products and services.

Value Addition has undertaken 800+ turn-key projects under various sectors. We have 500+ MW of heating power and 36 MWp of solar PV installed across the middle east. The nitty gritty part of the design is meticulously done by our team of young and dynamic engineers.
