

Rogol added that Strata would look at using the ITC to finance its comparatively larger 1GWh project in Arizona, Scatter Wash, ... The Energy Storage Summit USA is the only place where you are guaranteed to meet all ...

Copenhagen Infrastructure Partners (CIP), through its flagship fund CI V, has acquired the 255MW/1020 megawatt hours (MWh) Scatter Wash standalone battery storage project in Phoenix, in the US ...

Strata Clean Energy (Strata), a pioneer in grid-scale renewable energy solutions, celebrated a major milestone for its Scatter Wash battery storage complex in Phoenix, Ariz., with a groundbreaking that included executives from Strata, along with representatives from Arizona Public Service (APS), and other local dignitaries. The 255 MW / 1,020 MWh facility is expected ...

The development of Scatter Wash is supported by the Investment Tax Credit (ITC) for standalone energy storage created by the Inflation Reduction Act of 2022. It is among the critical projects that help demonstrate the benefits of national sustainable energy incentives in bringing the energy transition to reality.

Strata Clean Energy celebrated the start of construction on its Scatter Wash battery storage complex in Phoenix. The 255 MW / 1.02 GWh facility is expected to become operational in April 2025. A groundbreaking ceremony included executives from Strata, along with representatives from Arizona Public Service (APS) and other local dignitaries. Scatter Wash ...

The project, called Scatter Wash, is located in Phoenix and will increase clean energy capacity in one of the US' fastest growing cities and stabilise the grid in a drought-prone region. A spokesperson said it has an investment value of US\$500 million. It resulted from an All-Source request for proposals (RFP) that APS conducted in May last year which saw it commit ...

Arizona Public Service and Strata Clean Energy announced a 20-year tolling agreement built around the 255-MW/1-GWh Scatter Wash battery storage complex in Phoenix. The deal with Strata is part of APS' long-known move toward more than 1 GW of complementary and connected solar and battery storage to decarbonize its generation portfolio.

Strata Clean Energy (Strata), a developer, owner, and operator of renewable energy projects, secured a \$559 million financing for the construction and ownership of the 255 MW/1,020 MWh Scatter Wash battery ...

US-based Strata Clean Energy, the grid-scale renewable energy solutions company, initiated the works for its Scatter Wash battery storage complex in Phoenix, Arizona. The 255 MW / 1,020 MWh facility is expected to become operational in April 2025. The project's batteries can store enough electricity to power more than

250,000 homes for 4 hours ...

Strata Clean Energy has secured \$559 million in financing for its 255 MW/1,020 MWh Scatter Wash battery storage complex. Strata broke ground on the Phoenix, AZ, energy storage project in January ...

Strata Clean Energy (Strata), a developer, owner, and operator of renewable energy projects, secured a \$559 million financing for the construction and ownership of the 255 MW/1,020 MWh Scatter Wash battery storage complex, which is ...

Copenhagen Infrastructure Partners ("CIP"), through its flagship fund, CI V, and Strata Clean Energy (Strata), a leading developer, owner, and operator of renewable energy, announced that CIP will acquire the 255MW / 1,020 MWh Scatter Wash standalone battery storage project in Phoenix, Arizona. Strata will continue to serve as construction and asset ...

Strata Clean Energy, a renewable energy developer, has begun construction on its 255MW/1.02 gigawatt hours (GWh) Scatter Wash battery storage complex in Phoenix, Arizona, US. Set to be operational by April 2025, ...

Strata Clean Energy has broken ground on its Scatter Wash battery storage complex in Phoenix, a 255 MW facility that is expected to become operational next April and will service Arizona Public Service (APS) customers. "This groundbreaking demonstrates a considerable advancement in large-scale sustainable energy solutions in a major growing ...

The development of Scatter Wash is supported by the Investment Tax Credit (ITC) for standalone energy storage created by the Inflation Reduction Act (IRA) of 2022. Last year, Strata was one of the first to take advantage of the tax incentive for energy storage for two projects in Vermont. Strata has over 270 solar and storage projects completed ...

PHOENIX-(BUSINESS WIRE)-Today, Strata Clean Energy (Strata), a pioneer in grid-scale renewable energy solutions, celebrated a major milestone for its Scatter Wash battery storage complex in Phoenix, Ariz., with a groundbreaking that included executives from Strata, along with representatives from Arizona Public Service (APS), and other local ...
