citicore renewable energy | solar energy. ABS-CBN is the leading media and entertainment company in the Philippines, offering quality content across TV, radio, digital, and film. Committed to public service and promoting Filipino values, ABS-CBN continues to inspire and connect audiences worldwide.

2 ???· Year on year Citicore Renewable Energy Corp grew net income 8.45% from 631.61m to

684.95m primarily through revenue growth (2.79bn to 3.68bn). For while the costs associated with cost of goods, selling, general and administrative and debt all increased as a percentage of sales, the 32.03% growth in revenues contributed enough to still see net income improve.

The raised proceeds will go to partially fund the renewable energy company's capital expenses and will cover general corporate needs. A portion of the fresh capital will support the development of solar and battery energy storage projects supporting CREC's goal of adding 1 GW of ready-to-build or under-construction solar capacity to its portfolio each year through 2027.

CREC aims to diversify its renewable energy portfolio by adding onshore and offshore wind projects and battery energy storage systems in the medium to long term. CREIT, the real estate investment trust (REIT) subsidiary of CREC, was the first renewable energy-themed REIT to be listed on the Philippine Stock Exchange back in 2022.

Citicore Renewable Energy Corp. (CREC) held the groundbreaking ceremony of Phase 2 of its solar plants on Tuesday, February 20, that will sit in a 69-hectare property of the Ramos family which is covered by a 25-year lease agreement.
