

NEU 01. Dez. 2023 - Die BENNING Test Equipment Cloud (BTEC) ist die neue, smarte Cloud-Lösung für eine wirtschaftlichere und schnellere Prüfung ortsveränderlicher Betriebsmittel.. Hintergrund: Die kontinuierlich steigende Anzahl durchzuführender &berpr&fung elektrischer Betriebsmittel nach DGUV V3 ist bei den Verantwortlichen inzwischen einen enormen ...

provides power for charging and maintaining the float charging current for the battery. This ensures that, if a mains failure should occur, the battery is ready to supply the full power for the intended backup time. Optional test equipment can be supplied with the rectifiers, to undertake the repeat measurements necessary in power station ...
