

Peak demand for electricity in Guyana stands at about 153 megawatts (MW) currently. In coming years, however, that demand is expected to triple. One major upcoming solar project, Dr. Sharma said, is the construction of eight utility-scale solar photovoltaic (PV) plants in Berbice, Linden and Essequibo.

Guyana Utility-Scale Solar Photovoltaic (Guysol), que pertenece a la empresa estatal de electricidad Guyana Power and Light Inc (GPL), y la china Sumec han anunciado la firma de un contrato por 38 millones de ...

El ministro de Obras P&#250;blicas de Guyana, Deodat Indar, ha anunciado la puesta en marcha del parque fotovoltaico ubicado en el municipio de Lethem, en el suroeste del pa&#237;s, que permitir&#225; el ahorro de un 25% del ...

Las capacidades solares de Guyana recibir&#225;n un impulso significativo con la firma de un contrato de 38

millones de dólares (unos 35 millones de euros) entre el programa de Energía Solar Fotovoltaica a Escala Comercial de Guyana (Guysol) y la empresa china Sumec para desplegar 18 MW fotovoltaicos que mejoren la calidad de vida de las ...

The Government of Guyana commissioned its second mega-scale solar farm, the 1.5 MW utility-scale solar PV plant at Bartica, Region Seven (Cuyuni-Mazaruni) in March 2023. At 22 off-grid locations, GEA installed over ...

SEEKING to reduce the country's dependency on imported fossil fuel for electricity generation, the Guyana Power and Light Incorporated (GPL), in collaboration with the Inter American Institute for Cooperation on ...

Guyana Utility-Scale Solar Photovoltaic (Guysol), que pertenece a la empresa estatal de electricidad Guyana Power and Light Inc (GPL), y la china Sumec han anunciado la firma de un contrato por 38 millones de dólares para construir parques solares en las regiones Dos, Cinco y Seis del país, que suman un total de 18 MW.

The Government of Guyana commissioned its second mega-scale solar farm, the 1.5 MW utility-scale solar PV plant at Bartica, Region Seven (Cuyuni-Mazaruni) in March 2023. At 22 off-grid locations, GEA installed over 163 kWp of solar PV capacity and 800 kWh of battery energy storage.

SEEKING to reduce the country's dependency on imported fossil fuel for electricity generation, the Guyana Power and Light Incorporated (GPL), in collaboration with the Inter American Institute for Cooperation on Agriculture (IICA), and the Organisation of American States (OAS) commissioned its new grid tied solar photovoltaic systems on ...
