Rodan Energy is a leading North American provider of DER asset optimization, demand response, energy intelligence and metering solutions. Our mission is Making Sustainable, Attainable(TM) by creating and delivering intelligent energy solutions to large consumers, distributors, and power distributors and energy generators.

At Rodan, we offer innovative energy management solutions driven by advanced analytics. Our Operating Reserve program includes additional energy generation capacity or load reduction capabilities that we maintain to balance supply and demand in real-time. This program is crucial for ensuring the stability and reliability of the electrical grid.

Second to be recognized was Rodan Energy Solutions, recipient of the 2024 Landmark Application of Energy Storage Award, for the unique integration and implementation of a battery energy storage system (BESS) plus uninterrupted power supply (UPS) system for a glass manufacturer in Collingwood Ontario. The double conversion system which augments ...
