In 40.5 years, it will be 1.25 kW, and so forth until its output reaches zero. While an Infinite Power Cell will generate power for more than a century, it will only work at full capacity for approximately ten years. To ensure our cells are always operating at full capacity, we add Infinite Power Cells to each installation at ten-year intervals.

We design our interiors with natural textiles and thoughtful pieces, breathing life into each room with color and texture. The private Fiji pool villa is comprised of seven separate buildings on two levels. The inviting kitchen, chic lounge, ...
