

IX Renewables is contracted for the second phase of the Taipower offshore wind farm. In the Taiwanese government planning the Project is known as Offshore wind farm zone 26. The following project name is the official project name within the Foxwell project-team: TPC Offshore Wind Power Generation Phase II Project (OWP2).

Differentiating between IX Wind and IX Renewables, though initially beneficial, eventually led to confusion among clients and team members regarding the corporate identity. To streamline the brand and enhance recognition, starting 2024, we have decided to consolidate under a single banner: IX Renewables.
