Gobel Power ® Wholesale Lithium Battery. Sign In/Up; COLLECTIONS; LiFePO4 Battery Cell; Solar Inverter; Energy Storage Battery; LTO Cells for Car Audio ...

GobelPower : Gobel BMS - China Lithium Battery Distributor and manufacturer, Offers LiFePO4 Battery, 18650 Battery, 12V/24V/48V/72V Rechargeable Lithium Battery for Home Solar Energy Storage, Electric Bikes, Scooters, Forklifts, Sweepers, Mowers and Boats.

Welche Parameter sollten per Computer im BMS angepasst werden? Gerne kann ich dazu einen Screenshot von den BMS Einstellungen einstellen, nur leider verbindet sich das Programm welches mit meinen "Premium" funktionierte nicht mehr. Muss ich morgen mal nachsehen ob es eine aktuellere Version gibt, oder es an irgendeinen Windows Update liegt.

For what it's worth, I have a Goblepower DIY box on order with a PACE 200A BMS. It was quite a bit more expensive than the options that included JK BMS, but I just really didn't want to deal with software issues.

Jens (MeineEnergiewende) und Andreas (OffGridGarage) haben auf ihren YT-Kanälen das RN150 von Gobelpower sehr positiv dargestellt. Also habe ich mir das BMS selbst bestellt. Die Erfahrungen der beiden kann ich bestätigen - zumindest teilweise:...

Some of the key features include: * Voltage regulation: The BMS ensures that the voltage levels of the battery remain within the optimal range, thereby preventing overcharge or over-discharge. * Current monitoring: The BMS tracks the flow of current in and out of the battery, allowing for precise control over charging and discharging cycles.

I am considering Gobel Power 16S 200A BMS for a 48V 304Ah (Eve MB30) LiFePo4 battery. I was initially considering JK BMS but think Gobel BMS might be better because it comes with heat sink which might make it more durable, plus seems to have several useful features like setting balance voltage threshold etc., not making the battery disappear ...
