

In Latvia, developer Utilitas Wind announced the official opening of a 10MW/20MWh battery energy storage system (BESS) last week (1 November) in Targale, a village in Latvia's north-eastern Ventspils region.

The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a shortage in the electricity system. The battery system includes six battery containers, three inverter/transformer container and one distribution point container, providing a total electric capacity of up to 20 MWh.

Latvia has taken a significant step towards a greener future with the commissioning of its first utility-scale battery energy storage system (BESS). The 10MW/20MWh BESS, located in Targale, Ventspils region, is integrated with the 58.8MW Targale Wind Park.

In Targale, Latvia's largest wind energy producer SIA "Utilitas Wind" opens the first large-scale electricity storage battery system in Latvia with a total power of 10 MW and a ...

Renewable energy company Utilitas Wind has inaugurated the largest battery energy storage system (BESS) in Latvia to date, local media reported. Installed at the Targale wind farm in Latvia's western municipality of Ventspils, the system can store up to 20 MWh and dispatch up to 10 MW of electricity.

In Targale, Latvia's largest wind energy producer SIA "Utilitas Wind" opens the first large-scale electricity storage battery system in Latvia with a total power of 10 MW and a capacity of 20 MWh. Already this fall, the energy storage battery system (BESS) will be connected to the Latvian electricity transmission system, promoting the ...

Rolls-Royce has received an order from the Latvian transmission system operator Augstsprieguma tīkls (AST) to supply an mtu large-scale battery storage system to secure the Latvian power grid. In 2025, Latvia, together with the other Baltic states, will synchronise its energy supply system with the continental European power grid.

One of the largest wind energy producers in Latvia SIA "Utilitas Wind" on Friday, November 1, opens Latvia's first large-scale electricity storage battery system in Targale, Ventspils municipality, sa...
