

Will there be a solar panel Park in Latvia?

Work has already begun on the assembly of the panel structure to prepare for the laying of the panels," Berzins said. Merito, which is the owner of Kalkunes SES, will have eight such solar panel parks in Latvia, said Maris Plume, board member of the fund's cooperation partner, the company "Saules Energy" (Solar Energy).

What is European energy doing in Latvia?

European Energy started developing renewable energy projects in Latvia in 2021, and with the opening of its office in Riga, four employees have joined the company in Latvia to develop a strong pipeline of renewable energy projects in the country.

How much will SNG solar invest in Riga?

Total investment is projected to be between EUR60 million (\$66.8 million) and EUR80 million. Earlier this year, SNG Solar secured the land lease rights through an auction. The Freeport of Riga will receive 2.5% of the green energy generated, which will support port infrastructure and operations.
