

Who is Solar Center Mauritius?

SOLAR CENTER MAURITIUS is the only expert in photovoltaic solar energy in Mauritius for over 15 years.) We are more specialized in rooftop solar installations: houses, offices, commercial buildings, agricultural buildings, warehouses, ... All our design office engineers and site managers have been trained in France with the QUALI PV. distinction.

Are solar panels a good investment in Mauritius?

**Tax Incentives:** In Mauritius MRA offers tax credits to encourage the adoption of solar energy. These incentives can help reduce the upfront cost of installing solar panels, making them more financially attractive.

**Low Maintenance:** Solar panels are relatively low maintenance.

Does Qair Group operate solar energy farms in Mauritius?

Qair Group already operates three solar PV and wind energy farms in Mauritius with a combined capacity of 35 MW. The group founded by Jean-Marc Bouchet has a combined renewable energy capacity of 860 MW operational in Africa, South-East Asia, South America, and Europe.

Why is Mauritius facing a rise in fossil fuels?

The country, located off the coast of East Africa, is facing a rise in fossil fuels due to the current energy crisis. Qair Group already operates three solar PV and wind energy farms in Mauritius with a combined capacity of 35 MW.

What can I do with my electric car in Mauritius?

Your electric or hybrid car can also act as an additional battery storage. Sell your electricity: CEB Mauritius offers programs that allow you to feed excess solar energy back into the grid, earning you compensation for your contribution to the overall energy supply.

What is Qair doing with stor'sun solar projects?

Through the Stor'Sun solar projects, Qair is thus contributing to the Mauritian government's strategy of decarbonization and diversification of the electricity mix, aiming for the production of 60% of electricity from renewable sources by 2030.

We bought a Solar water heater from Sun Industries. We were very disappointed of the service offered from this company and I WOULDN'T SUGGEST TO ANYONE TO GO AHEAD WITH THEM. We bought this solar heater worth Rs36 000 with a 25 years warranty. Unfortunately after 5 years we got a first problem with a water leak.

About Solar Calculator . The MYSUN Solar Calculator is an online advanced tool developed by the solar experts at MYSUN to help you quickly determine the potential savings that you can make when you go solar.

The solar calculator is one of its kind when it comes to pre-estimating the solar system sizing, solar savings potential, solar investment, return on investment and ...
