

What is Menlo electric & JinkoSolar doing?

Menlo Electric and JinkoSolar announce a renewed commitment to boost sustainable energy deployment across Europe, Africa, the Middle East, and South Africa. In the past three years, Menlo Electric has integrated 1GW of Jinko's photovoltaic modules into these markets.

Who is Menlo electric?

Menlo Electric is the fastest growing EMEA distributor of PV modules and inverters. We operate in more than 40 markets, offering solar components from the best brands. Our 15 logistics centers in EMEA enable quick and affordable delivery. 65 Sales Representatives provide you with easy access to the best solar components.

Will Menlo electric distribute another 1 GW in South Africa?

Now, with an ambitious target set, Menlo Electric aims to distribute another 1 GW in the next 12 months in Europe, the Middle East, South Africa. Menlo Electric stands as the top distributor of JinkoSolar products in the MENA region, ranks among the top three in Europe, and is the second-leading distributor in South Africa.

Who are Menlo electric & Jinko Solar?

Menlo Electric, a rapidly expanding distributor of photovoltaic solutions in Europe, the Middle East, South Africa and entering the USA market earlier this year, and Jinko Solar, a global frontrunner in the solar industry, disclose their strategic alliance aimed at fostering an increase in renewable energy projects.

Where does the energy in Belize come from?

Almost half the energy in Belize comes from hydroelectric power and biomass. BEL purchases 71.5% of its electricity from five domestic independent power producers (IPPs) which produce much of the remaining energy--about 55.6%--of all the electrical needs of the country, and about 40% from a Mexican government-owned electric utility.

Why should you choose Menlo electric?

Menlo Electric stands out not only for our rapid growth but also for our unwavering dedication to customer satisfaction. Our expert team offers end-to-end support, from product selection to installation guidance and after-sales service, ensuring a smooth and efficient transition to renewable energy for our clients.
