

Can you save money with solar systems in Tzaneen?

Yes, you can save a lot of money with solar systems in Tzaneen. Initially, you have to drop a couple of thousands to get the system installed, especially if it needs to power your entire property. However, it becomes cost-effective in the end when you don't have a massive electricity bill and you're not affected by load-shedding in Tzaneen.

Is small-scale wind power a good option for South Africa?

All forms of renewable energy are great for the future of our planet. However, small-scale wind power is generally not cost-effective in the land-locked areas of South Africa. You're better off with a solar system that will constantly have an energy source.
