

Is Gazprom provoking an energy crisis in Moldova?

President Maia Sandu on Thursday accused Gazprom of provoking an energy crisis in Moldova, saying the Russian energy giant was refusing to supply gas through an alternative route if the fuel stops flowing through Ukraine at the end of this year.

Does Moldova have a new energy policy?

Moldova has committed to implement reforms embedded within the European Union's Third Energy Package, a suite of legislation adopted in 2009 aimed at creating integrated and competitive energy markets for natural gas and electricity.

What is the main energy source in Moldova?

Natural gas accounts for more than half of Moldova's total primary energy supply (53% in 2018), oil roughly a quarter (23% in 2018) and solid biomass one-fifth (19% in 2018). Most natural gas is used for electricity and heat generation,³ whereas oil is the most important energy source for final consumers.

How has Moldova restructured its electricity distribution network?

As part of the reforms, Moldova restructured and partially privatized its electricity distribution network, including Premier Energy, a private company that controls 70 percent of the country's electric distribution grid.

Does Moldova have a natural gas monopoly?

Moldova made progress toward unbundling Moldovagaz, the vertically integrated natural gas monopoly, to comply with Third Energy Package requirements. Romania's Transgaz completed the Ungheni-Chisinau Pipeline in 2021 and took over the operation of the entire gas transmission network in September 2023.

Does Moldova need a gas interconnector?

Moldova needs to import most energy commodities to meet the domestic demand. All natural gas consumption (2.1 Mtoe, or 2.9 billion cubic metres (bcm) in 2018) is met through imports, mainly from Russia. A gas interconnector to Romania is under construction to reduce dependence on Russian gas.

EBRD will lend 28.2 million euros to Moldova's largest private electricity distribution system operator to modernise Moldova's electricity distribution grid. ... Ukraine's energy future.
