

Who is Smarten power systems?

Smarten Power Systems Pvt. Ltd. is a Solar Product Manufacturing Company that was established in 2014 with a mission to provide the best solution to the need of power/solar that can drive our present towards a sustainable future. Smarten Power Systems is more than just an inverter manufacturing company.

Is Smarten a good company?

Smarten sets the standard for excellence in the market. Working with them has been a game-changer. One of the best companies hands down! Make in India initiative by the Government of India definitely motivates us to stay in the league. We as a company believe in the same and follow make in India motto since our inception.

Are Smarten Inverter Batteries compatible with all brands of inverters?

Forever Glow with Shine! With a range of inverter batteries to suit varying needs and applications of end users, Smarten inverter batteries are compatible with any brand of inverters available in the market, so you are never at a loss for power.

Advance PWM based technology. Wall mounting option. Grid control for saving the electricity bill and optimizing the use of ecofriendly solar energy. DOD, can set four battery discharge levels. (20%, 30%, 40%, 50%) A user friendly LCD that displays important information like battery Charging Status, Charging Source, Battery type etc. Convert your simple Inverter into

If PV power is not sufficient enough to charge the battery, system will start sharing battery charging from PV and grid. Mains will be connect when battery voltage reach at defined value of the battery voltage. DOD (Depth of Discharge) Display and Alarms LCD Fault I Protection Status Display Buzzer 20%- 30%- 40%- 50%- if batt. volt. is 50.0V

Chief Executive Officer at Smarten Power Systems Pvt. Ltd. · Experience: Smarten Power Systems · Education: National Institute of Technology Kurukshetra · Location: Gurgaon · 163 connections on LinkedIn. View RAJNISH SHARMA's profile on LinkedIn, a professional community of 1 billion members.

Advance PWM based technology. Wall mounting option. A user friendly LCD that displays important information like battery Charging Status, Charging Source, Battery type etc. Convert your simple Inverter into Solar Inverter. Smart auto detect battery function. Complete Protection, Reverse PV, Battery Low, Battery Deep Discharge and High Temp.
