"The facilities, which are located in Côte-d'Or, Haute-Vienne, Landes and Gard, will generate a total of 65,000 MWh per year, or around 12% of the Principality of Monaco's electricity consumption." By the end of 2021, ...

The Renewable Energy Credit or Renewable Energy Certificate Program was established to encourage more homes and businesses in Massachusetts to use renewable energy systems. Essentially, RECs prove that a certain portion of electricity is generated from renewable sources and act as a "reward" for using clean energy.

It only makes sense to have a long-lasting warranty when realizing that solar panels can have a useful life of 40+ years. At Solaris Renewables, we guarantee a 25-year warranty with any installation, including product, labor, and production guarantees. This means that a customer can call our Burlington office and get help whenever needed.
