

The NAS battery system was ordered through BASF Stationary Energy Storage GmbH (hereinafter, "BSES"), a subsidiary of German chemical manufacturer BASF SE and headquartered in Ludwigshafen, Germany.

Wir, das Team der BASF Stationary Energy Storage, unterstützen Sie in allen Bereichen der Entwicklung und Umsetzung passender Energiesungen für Ihren individuellen Bedarf. Hierzu bieten wir Ihnen stationäre Batteriespeicher an, die auf der bewährten NAS-Technologie des japanischen Herstellers NGK Insulators Ltd. basieren.

The team of BASF Stationary Energy Storage supports you in finding the appropriate energy solution for your individual use case. We are selling stationary batteries based on the proven ...

BASF Stationary Energy Storage GmbH (BSES) is a wholly owned subsidiary of BASF SE. BSES distributes the NAS batteries and co-develops the next generation of sodium-sulfur batteries together with NGK ...

We, the team of BASF Stationary Energy Storage, fully support you in finding the appropriate energy solution for your individual use case. We are selling stationary storage batteries based on the proven NAS technology, produced by NGK Insulators Ltd. In addition we provide comprehensive technical support and a performance guarantee for 10 years.*

HH2E has placed an order with BASF Stationary Energy Storage GmbH (BSES) for 93 MWhr of high-capacity sodium sulfur batteries (NAS Batteries). Additionally, HH2E has reserved production capacity for ...

A stationary energy storage system was erected on the site of BASF Schwarzheide GmbH. Schwarzheide is the first BASF production site worldwide to test a green power supply for individual production parts through the combination of the site's own solar park and a stationary energy storage system.

BASF Stationary Energy Storage GmbH (BSES) is a wholly-owned subsidiary of BASF SE. BSES is the exclusive distributor of the NAS batteries and co-develops the NAS technology together with its Japanese partner NGK Insulators Ltd.

BASF Stationary Energy Storage GmbH (BSES) is a wholly owned subsidiary of BASF SE. BSES distributes the NAS batteries and co-develops the next generation of sodium-sulfur batteries together with NGK Insulators Ltd.
