

Who is Bramble Energy Limited?

Bramble Energy Limited | 13,126 followers on LinkedIn. Powering Net Zero | Bramble is a technology company on a mission to drive transformational change in the energy sector worldwide. With their PCB-X platform, the company is accelerating global decarbonisation and creating viable clean energy.

What makes Bramble a good company?

We're a purpose-led, driven and inspiring workplace. Bramble is accelerating global decarbonisation and creating viable clean energy technology, with the PCB-X(TM) platform. PCB-X(TM) delivers carbon-neutral energy with unlimited applications.

What is Bramble energy?

Bramble Energy was born out of the desire to construct hydrogen fuel cells using existing materials and manufacturing techniques with well-established supply chains; thereby solving perhaps the greatest barriers to the adoption of fuel cells; manufacturing complexity and scale-up.

Who is the CCO at Bramble energy?

Playing a vital role in Bramble's successful funding rounds, Vidal brings together his vast experience of project and supply chain management from the construction industry and the development and commissioning of hybridised portable fuel cell systems in his role as CCO at Bramble Energy.

Why should you join Bramble?

Bramble was founded with one simple purpose - to help the world achieve Net Zero. Whether you want to test, innovate, or scale your sustainable solutions, Bramble's proven technology and expertise can accelerate your vision. Every one of our team members is essential to our work. We'd love to hear from you if you're interested in joining Bramble.

Bramble Energy Limited | 13,152 followers on LinkedIn. Powering Net Zero | Bramble is a technology company on a mission to drive transformational change in the energy sector worldwide. With their PCB-X platform, the company is accelerating global decarbonisation and creating viable clean energy. The scalable technology delivers carbon-neutral energy at low ...

Bramble Energy has developed a route to access, combine & distribute all forms of renewable energy generating technologies by cost effectively empowering the Hydrogen Economy. Bramble Energy is an innovator of renewable energy technologies; designing and manufacture high-performance, low-cost, fuel cell stacks using printed circuit board (PCB) materials and processes.
