How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

Why did Puerto Rico get a power outage?

The announcement comes as the U.S. territory continues to struggle with chronic power outages that have worsened since Hurricane Maria pummeled the island as a powerful Category 4 storm in 2017, razing the electric grid. The outages also are blamed on a lack of maintenance and investment in its electric grid for decades.

EnergyBroker dispatches your Fortress battery system when energy is most valuable. In Puerto Rico, you'll earn \$1 for every kWh discharged by EnergyBroker. The program is designed to preserve your resiliency against power outages, while improving the reliability of Puerto Rico's grid for everyone.
