Prostar is a private investment firm focused on midstream market opportunities in transition and clean energy. Our global impact in supporting the decarbonization towards net zero is particularly realized in the growing and increasingly prominent Asia-Pacific region.

ProStar Energy team members stay current with the most up-to-date technology in LED lighting, HVAC Systems, Solar energy, Rebate Management, and Utility Procurement. ProStar Energy is your one stop to begin creating a complete energy efficiency plan for your company that will increase your profit margin.

Solar-Powered energy is a great way to take control of your energy rather than continuing to depend on massive and impersonal utility companies. At ProStar Energy, we ensure that you have the most cost-effective clean energy products available, and the comfort of knowing they're properly installed for maximum efficiency.
