About Solar Slate Solutions. On a mission to give those with slate roofs access to solar power. Solar Slate Solutions is a solar mounting manufacturer and installer located in Billerica, Massachusetts. We designed the SlatePlate, train solar installation companies on how to use the SlatePlate, and even perform our own solar installations locally.

Solx is a minority-owned and operated company building a state-of-the-art 1.2-gigawatt solar panel assembly facility in Aguadilla, Puerto Rico that will create 200+ direct, long-term, and technically skilled jobs in Puerto Rico. Building a diverse workforce is critical to fostering innovation and community, and Solx is working relentlessly to ...

The Solar Slate Plate system allows homeowners to maintain the distinctive look of their roofs while enjoying the long-term financial and environmental benefits that solar energy brings. This dual benefit positions slate roof solar installations as an attractive option for homeowners looking to enhance their property's value and sustainability.
