La Comisión Nacional de Energía (CNE) de República Dominicana, y la empresa Parque Fotovoltaico María Trinidad Solar (Matrisol), firmaron este lunes el contrato de concesión definitiva para la instalación de un parque de energía solar fotovoltaica en el municipio de Cabrera, provincia María Trinidad Sánchez.

La primera fase, de 33,4 MW, se completó y se conectó a la red en 2016, y firmó un contrato de compraventa de energía por 20 años con la Compañía Nacional de Electricidad de la República Dominicana, generando unos ingresos anuales por ventas de aproximadamente 7,3 millones de dólares y aportando unos ingresos acumulados de aproximadamente 31,5 ...

Based in Dominica, we offer products, installation and maintenance services. We offer a range of solar systems specially designed and tested for tropical conditions, from the most compact one able to power a simple phone/laptop/ tablet and a few bulbs, to larger solar systems tailored to power entire homes or businesses such as resorts.

Dominica has a very high solar potential and set a renewable energy mix target of 100% by 2035. Presently Dominica's energy mix is comprised of 37% renewable energy on the public grid. Its electrical demand peaks at 13MW and its electricity prices are high relative to ...

En la segunda mitad de diciembre pasado la dominicana Comisión Nacional de Energía (CNE) otorgó la concesión definitiva a cuatro empresas para la instalación de otros tantos parques solares, que en conjunto ...

El proyecto tendrá una capacidad nominal de 50 MWn y una capacidad pico de 55.4 MWp. El Parque Energy Solar del Este Cabreto I ha sido concretado a través de la firma entre la Comisión

Nacional de Energía con la empresa Eergy Solar del Este Cabreti I, para la instalación, operación y explotación del proyecto de generación eléctrica a partir de energía ...
